2.14 Significant Activities and contributions made by IQAC

- ✓ *Academic and Administrative audit.*
- ✓ *Mandatory Industrial Internship for final year students.*
- ✓ *Short term internship programme for 2nd & 3rd year students.*
- ✓ *Implementation of Intranet based moodle platform for digital content assess for the students.*
- ✓ *Inclusion of Content beyond syllabus in both theory and practicals.*
- ✓ *Conduction of skill enhancement programmes for the students in each semester session.*
- ✓ *Case study based learning.*
- ✓ *Remedial class for slow learners and extra activities for bright students.*
- ✓ *ICT enabled classrooms for effective teaching learning.*

2.15 Plan of Action by IQAC/Outcome

The plan of action chalked out by the IQAC in the beginning of the year towards quality enhancement and the outcome achieved by the end of the year *

Plan of Action	Achievements
<p style="text-align: center;">Academic Audit</p>	<p><i>Two academic audits (Self-Departmental Academic Audit and Internal Audit) were conducted at the end of each semester session. In self departmental academic audit a committee of departmental faculties were formed and audit was carried out. In Internal Audit a committee at central level was formed and all the departments were audited. Because of these audits the teaching learning</i></p>

	<i>processes including assessment, evaluation has enhanced.</i>
Administrative Audit	<i>A committee comprising of department faculties at central was formed and administrative audits of Student section, Accounts, Admin, Procurement & Store, Medical facilities & safety, Infrastructure & house keeping, Security was carried out at the end of academic session and the observations were recorded for further action.</i>
Academically weak student Activity.	<i>Academically weak students were identified from their performance in the Internal examination and remedial classes were conducted for these students. With remedial classes, the better understanding of the subject knowledge of these students were achieved.</i>
Bright Student Activity.	<i>Bright students were identified with their academic performance in the Internal examination and extra activities for them were conducted. The students were found motivated and has enhanced their learning ability.</i>
Moodle Platform for content digitalization and easy assess to students.	<i>The Institute has indigenously implemented Moodle platform and Video Streaming Server for the students and faculties to aid effective teaching learning. The Faculties upload their course contents in the form of PPT's/PDF's/ Links/Videos etc. which is made available to the students through proper login and the course materials are readily available to them at any point of time.</i> <i>Also the Institute has a dedicated video server where the NPTEL videos of the courses are always</i>

	<p><i>available for the students for better learning.</i></p> <p><i>This platform has effectively implemented the Learning Management system in the Institute.</i></p>
<p>Mandatory Internship for final year students.</p>	<p><i>The Internship at final year has helped students gain Industrial Exposure in their respective domain along with work experience which will be very beneficial in their professional endeavours and has increased their market value.</i></p>
<p>Library Digitization</p>	<p><i>It has improved the library management system and has ease the day to day transactions of the library. The issue, receipt and tracking has been made much easier and simpler.</i></p>
<p>Institute's centralised policies and guidelines.</p>	<p><i>The Institute has prepared and adopted centralised policies and guidelines (academic and process related) and all the departments are governed through it.</i></p> <p><i>It has created uniform functioning of all the departments with centralised governance.</i></p>
<p>Skill enhancement programs in each semester.</p>	<p><i>Apart from regular academic teaching, skill enhancement/enrichment programmes for students were well planned and executed by the departments.</i></p> <p><i>It has inculcated/ improved/enhanced the desired technical skills of the students with this programmes.</i></p>
<p>Faculty development programmes.</p>	<p><i>Faculty development programmes were organised at department levels.</i></p> <p><i>These programmes had upgraded the faculty's knowledge/skill and had aided in their professional growth and development.</i></p>

<p>Non -Teaching skill development programmes.</p>	<p><i>Skill development programmes at department levels were organised for the non-teaching members.</i></p> <p><i>It has improved their productivity, enhanced work quality and inculcated skills to perform better.</i></p>
<p>Internship for 2nd and 3rd year students.</p>	<p><i>The 2nd year and 3rd year students were encouraged to undergo mini internships in the non-teachings days.</i></p> <p><i>This mini internships undertaken by the students at small and medium sized businesses helped them understand the operation of business models along with its management.</i></p>
<p>Encouragement for active collaboration with various professional societies for student's professional development.</p>	<p><i>The students of the Institution were encouraged to undertake membership of professional bodies of their respective domain and plan, organize, participate in various activities through it.</i></p> <p><i>The students subscribed to their respective IEEE, IE, IETE, SAE, ISHARE, CSI Student's Chapters and regular activities were conducted at departmental level.</i></p> <p><i>It has fostered and imbibed professionalism in the student's attitude and has enhanced organising skills amongst the students.</i></p>

(On all aspects)

Mode of feedback : Online Manual Co-operating schools (for PEI)

**Analysis of the feedback is provided as Annexure-II*

1.4 Whether there is any revision/update of regulation or syllabi, if yes, mention their salient aspects.

- ✓ *The Institution has incorporated **Outcome Based Education (OBE)** in its academic endeavours where each department strives to attain its offered Course Outcomes (COs) ultimately leading to attainment of its Program Outcome. All possible steps are taken by the departments to achieve the NBA Program Outcomes and its Program Specific Outcomes. Dean Academics, a central level portfolio is created to carry out reforms, implement the best practices, monitor, assess and control all academic activities of the Institution.*
- ✓ *The Course In-charges include **beyond syllabus contents** in their respective course syllabus which are significant for the effective learning considering the contemporary needs which are not covered through current University curriculum. These contents are delivered through effective planning in the teaching plan in consultation and approval from the Head of the department.*
- ✓ ***Case study based learning** included as a part of academic activity in each semester. It has inculcated learning through self analysis and exploration.*
- ✓ *A unique **self learning activity** is implemented throughout the departments where the students prepare a allotted portion of the course by themselves and deliver to the class through power point presentation. It has improved their self learning ability as well as presentation skills and confidence building.*

- ✓ *Practicals beyond syllabus* are included in the practical sessions to provide the students with the best opportunities towards learning modern techniques and technologies.
- ✓ *Open ended experiments* introduced in practicals. This has provided the student flexibility to explore and perform any other experiment by themselves utilising the resources of that respective laboratory.
- ✓ *NPTEL Videos/Educational Videos/Webinars* are included in the academics delivery. The faculties include NPTEL/ Educational videos of their respective subject experts in their course delivery and show videos to the students in the classrooms during extra hours for better understanding of the subject. This helps students in visualizing the theoretical concepts, understanding fundamentals in a better way and clearing doubts. Students are also encouraged to attend webinars in the session.
- ✓ *Frequent workshops, seminars, guest lectures, Industry Expert* talks are conducted by all departments to cater to the current educational need which are not met through the academic curriculum.
- ✓ The college often arranges *Industrial Tours, Visits* to Industrial Exhibitions for understanding industrial practices and developments in respective areas. Industrial visits are conducted to bridge the gaps between curriculum and industrial practices.
- ✓ *Internship is made mandatory* for both UG and PG students. It is compulsorily undertaken by third year appeared students (Engineering) during their summer vacation. All departments arrange and encourage the students to undergo summer internship. The Internship provides Industrial Exposure & enhances their technical knowledge. The post internship seminar is delivered by the students to the department. If any other student of the department wishes to undergo internship during vacations, the same is encouraged and supported.

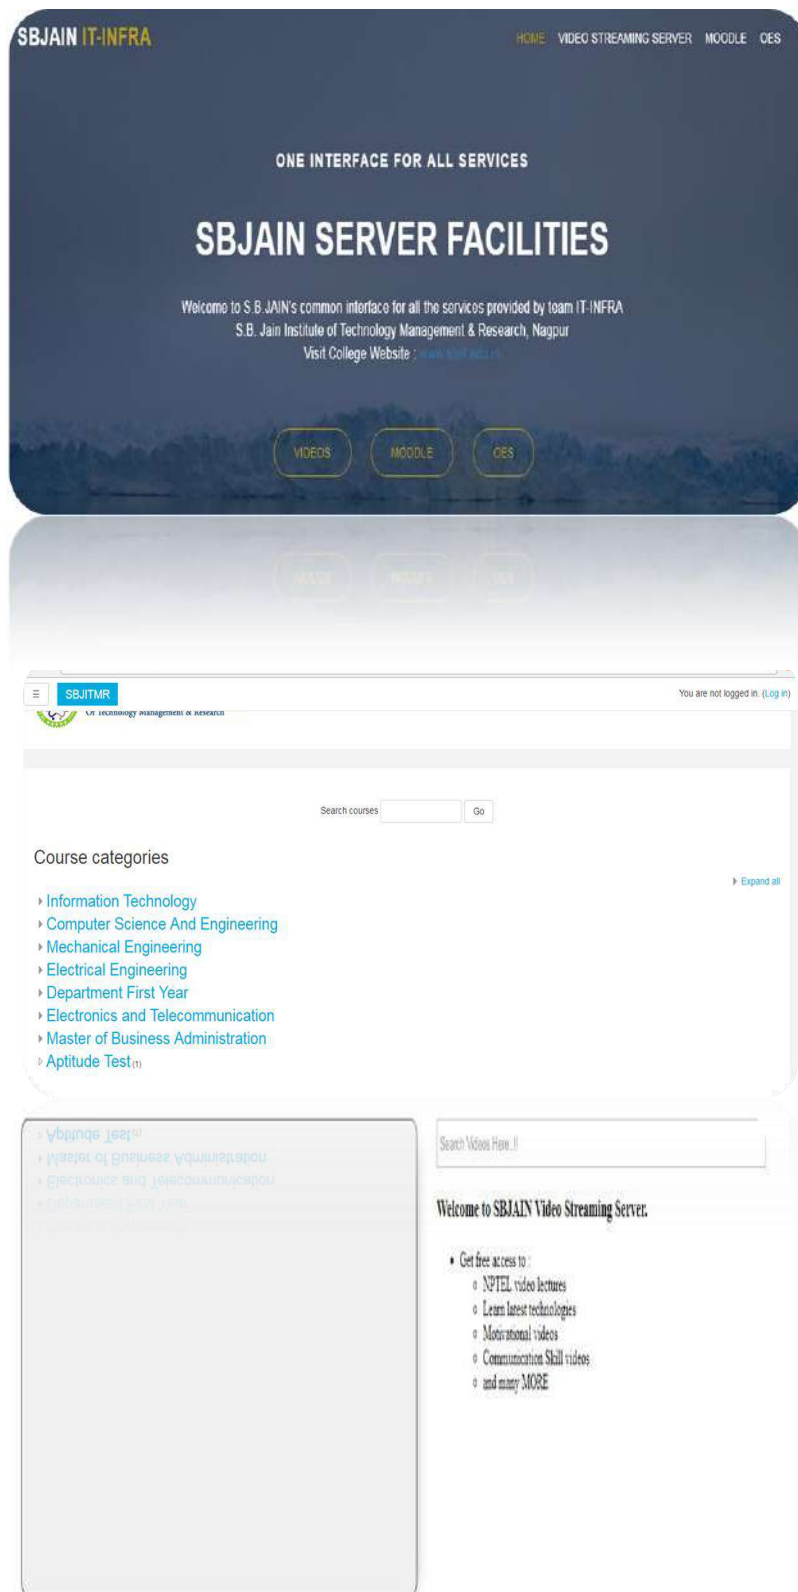

- ✓ *Skill development programme for students of all semesters are well planned in advance and its modules are executed adhering the departmental academic calendar. The skill development programmes are designed and delivered by the experienced faculties of the department/ External Experts having knowledge and skill in their respective domain. Some modules do include hands-on experience for the students.*
- ✓ *Spoken Tutorials, NPTEL Online Certification Courses are introduced into the curriculum to enhance the learning aspects of the students.*
- ✓ *Field Projects are introduced and carried out by the students undertaking final year projects working on the real issues and challenges of the Industry.*
- ✓ *Communication and aptitude training, the need of an hour is conducted by each department and special slot is allotted in the time table.*

1.5 Any new Department/Centre introduced during the year. If yes, give details.

Moodle and Video Platform/Centre:

The Institute has indigenously implemented Moodle platform and Video Streaming Server for the students and faculties to aid effective teaching learning. The Faculties upload their course contents in the form of PPT's/PDF's/ Links/Videos etc. which is made available to the students through proper login and the course materials are readily available to them at any point of time via Intranet.

Also the Institute had installed a dedicated video server where the NPTEL videos of the courses are always readily available for the students for better and effective learning.

2.6 Innovative processes adopted by the institution in Teaching and Learning:

The innovations employed by the institution in Teaching Learning apart from conventional teaching learning process are:

1. Use of Multimedia Tool for effective Learning:

The classrooms of the department are well equipped with modern LCD projectors and computers. The Faculties facilitates teaching through Power Point presentations (PPT's), PDF's etc. including animations, effects etc. for efficient learning of the subject matter by the students.

2. Learning through NPTEL Videos:

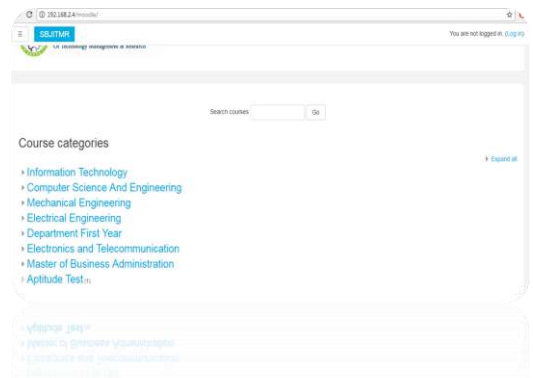

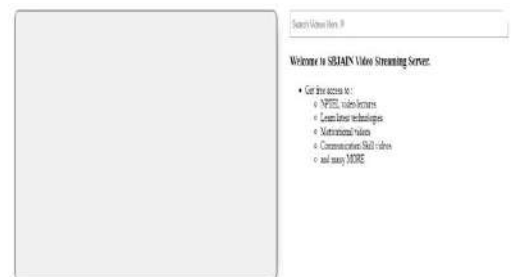

The faculties include NPTEL/ Educational videos of their respective subject experts in their course delivery and show videos to the students in the classrooms during extra hours for better understanding of the subject.

3. Moodle & Video Streaming Server for Students:

The Institute has indigenously implemented Moodle platform and Video Streaming Server for the students and faculties to aid effective teaching learning. The Faculties upload their course contents in the form of PPT's/PDF's/ Links/Videos etc. which is made available to the students through proper login and the course materials are readily available to them at any point of time.

Also the Institute has a dedicated video server where the NPTEL videos of the courses are always available for the students for better learning.

4. Self-Learning Exercise:

To imbibe the spirit of self-learning amongst the students, the Course In-charges allocate a group of students with Course Topics of their respective subject. The students explore the contents, learn it through themselves, prepare PPT's and deliver it to the class which improves their communication and self-exploratory skills.

5. Learning through Case Studies:

Case studies on technical/non-technical topics are allotted to the students by the Class In-charge. The students are required to analyse the given topic, explore/gather information, prepare, develop and submit the case study in the form of report.

6. Learning through Demonstrations/Models/Real Life

Examples/Technical Activities:

The faculties incorporate their teaching with demonstrations, models, real life examples and technical activities where-ever they find appropriate to include it in the course delivery.

7. Learning through Skill development programmes:

The faculties carry out a well-planned skill enhancement programme for the students of the department where apart from verbal delivery, hands on experience is also provided to the students for their effective learning.

8. Continuous Assessment in Practical Hours:

The faculties continuously assess the students in each practical hour by conducting viva's on the practical performed by the student. Also they conduct technical group discussion after the performance for effective evaluation.

2.8 Examination/ Evaluation Reforms initiated by the Institution (for example: Open Book Examination, Bar Coding, Double Valuation, Photocopy, Online Multiple Choice questions)

- ✓ *The complete process of Examination and Evaluation is governed through a **centralised examination policy** adopted by the Institute and is strictly followed by all the departments.*
- ✓ *The students undergo **continuous assessment in laboratory hours** and their performances are well evaluated for each performed experiment individually and are considered for their Internal Marks and CO attainment. The assessment is done on the basis of student's attendance, on time journal checking, journal evaluation, viva evaluation (pre-performance & post performance), group discussion carried out at the end of Laboratory hours. Regular assessment, Attendance & neatness of the laboratory record book are given weightage in the assessment.*
- ✓ *To ensure the quality of paper, the **question paper** for the internal examination is finalised after its **moderation** by the moderation committee of the respective department.*
- ✓ *Each question of examination paper is **mapped** with its respective Course COs (Course Outcomes) to evaluate the attainment of that respective CO.*
- ✓ *To ensure transparency in the evaluation process, the **answer sheets** of the students whose scores falls in a specific range are **moderated** by the appointed moderator.*
- ✓ *For grievance redressal, the evaluated **answer sheets** are shown to the students to address their **grievances** if any.*
- ✓ ***Bonus marks** for Co-curricular and Extra-curricular activities are allotted to the students through a well-defined centralised Bonus marks policy.*

2.9 No. of faculty members involved in curriculum restructuring/revision/syllabus development as member of Board of Study/Faculty/Curriculum Development workshop.

2.12 How does IQAC Contribute/Monitor/Evaluate the Teaching & Learning processes:

The IQAC has contributed significantly towards Teaching Learning process by suggesting:

- ✓ *To enable classrooms with ICT facility and encourage the use of the same.*

- ✓ To organise *seminars, workshops, guest lectures, expert talks, webinars, spoken tutorials etc.* to cover the contents which are beyond syllabus for advance learning.
- ✓ To **centralise** all the academic policies and guidelines.
- ✓ To encourage **Industry Internships and visits**.
- ✓ To encourage faculties to participate in **STTPs/Workshops/Conferences/Trainings / Seminars etc.** for their knowledge enhancement.
- ✓ To organise **faculty development programs** at department level.
- ✓ To plan the academic activities at department level and **prepare Teaching plan** for each subjects.
- ✓ To **monitor the syllabus coverage** every month and appropriate actions for the same.
- ✓ To **monitor** the academic activity through **surprise visits** at the department.
- ✓ To take **structured feedback** from each students course-wise (both theory & practical), analyse and take appropriate actions at all levels for academic improvement.
- ✓ To evaluate the **teaching learning based on assessment and attainment of program outcomes** of every department.
- ✓ To undertake **best practices** in teaching learning.
- ✓ To **strengthen Industry Institute interaction** and enhancing the scope of learning for the students and the faculty development.
- ✓ To encourage undertaking **Industry based projects**.

3. Research, Consultancy and Extension

3.1 Initiatives of the IQAC in Sensitizing/Promoting Research Climate in the institution

The Institution S B Jain Institute of Technology, Management & Research, Nagpur strongly believes for the attainment of overall Institutional growth, research culture amongst the faculties and students has to be inculcated so that solutions to the modern problems/challenges can be solved through innovations and research. The Institution provides the best Infrastructure facilities and support to promote the Research & Development activities.

The following initiatives are taken by the Institution for Sensitizing/Promoting Research Climate in the Institution:

- ✓ *For the very purpose the Institute has constituted a Research and Development cell to foster this need with the following objectives:*
- ✓ *To create Research awareness among the faculty members and students.*
- ✓ *To motivate students towards innovative projects.*
- ✓ *To create awareness about Patents & IPR Knowledge.*
- ✓ *To enhance team work between researchers for interdisciplinary research.*
- ✓ *To promote research in various departments of the Institute.*
- ✓ *To establish links with different Industries, R&D organizations to facilitate research activities.*
- ✓ *To establish R&D Centre in Electronics & Telecommunication department.*
- ✓ *To involve every faculty member in R&D activities, which lead to Ph.D. degree and research proposal writing.*

- ✓ *To seek grants from various governments, semi govt. and private agencies for promoting and supporting the research work.*
- ✓ *To enhance the research awareness by conducting various workshops and conferences and guest lectures.*
- ✓ *Promote research activities for benefit of society.*
- ✓ *To encourage staff members and students to publish technical papers in reputed national and international journals.*
- ✓ *To arrange talks and interactions by eminent personalities from industry, R&D organizations and institutions of repute; for the better understanding of research methodology and practices currently followed.*
- ✓ *Budget is allocated for Research and Development for each department and the departments utilize these funds for carrying out departmental R&D activities.*
- ✓ *50% reimbursement is provided to the faculties attending Conferences/ Workshops/STTPs/FDPs/Seminars outside Institute.*
- ✓ *Faculties are encouraged, motivated and allowed to pursue Part Time PhD Program.*
- ✓ *Incentives in form of Duty Leaves for the PhD Research work are provided by the Institute pursuing Part Time PhD Program.*
- ✓ *Seminars on Patents and Intellectual Property Rights are organised in the Institution by the departments.*
- ✓ *Faculty development programmes are organized by the departments to sensitize the research.*
- ✓ *Research oriented parameters are associated with the Faculty Appraisal to strengthen research in the Institute.*
- ✓ *Field projects/Live Industry projects are encouraged to be undertaken by the final year students guided by the senior faculties to solve real issues of Industry.*

- ✓ *Text Books, Reference Books, Journals, E- journals etc. are regularly upgraded in the Library to provide with the best and updated knowledge.*
- ✓ *The faculties are encouraged to prepare Research proposals and submit to the Agencies offering grants.*

- ✓ *Each faculty is allocated with a **personal computer** enabled with high speed LAN Internet connection for carrying out their routine tasks.*
- ✓ ***Each classroom** is well equipped with a computer, LAN Internet connection and projector system for **ICT** learning.*
- ✓ *Computer labs with Internet facilities are available with the departments for the student's access. Also a **Centralized Computer Laboratory** is available in the Institute and students can access it any time.*
- ✓ *Internet through **Wifi connectivity** is made available in the Institute.*
- ✓ ***Video conferencing** facility is available.*
- ✓ ***Online Aptitude tests** for students.*
- ✓ ***Moodle** is used as a Learning Management System by the students. The faculties upload their curriculum contents in the Moodle server and the students utilize this facility to avail access to the Course contents. Also Institute has a dedicated **Video Server** where all the Course videos including NPTEL etc. are made available for the students. The faculties and the students are well trained to use Moodle Platform and Video Server.*
- ✓ *The students and the faculties utilize "**Virtual Labs**" developed by the IITs which is made available in their portals 24x7 for effective learning.*
- ✓ ***Non teaching staff** is given **In-house training** to enhance and upgrade their IT skills.*

4.6 Amount spent on maintenance in lakhs :

FEEDBACK ANALYSIS

Feedback is an essential and integral part of an on-going learning process. It helps in gathering the perception of learning experiences/learning outcomes, comprehensive Course review, motivation and engagement along with overall satisfaction of the stake holders for continuous improvement of the Institution.

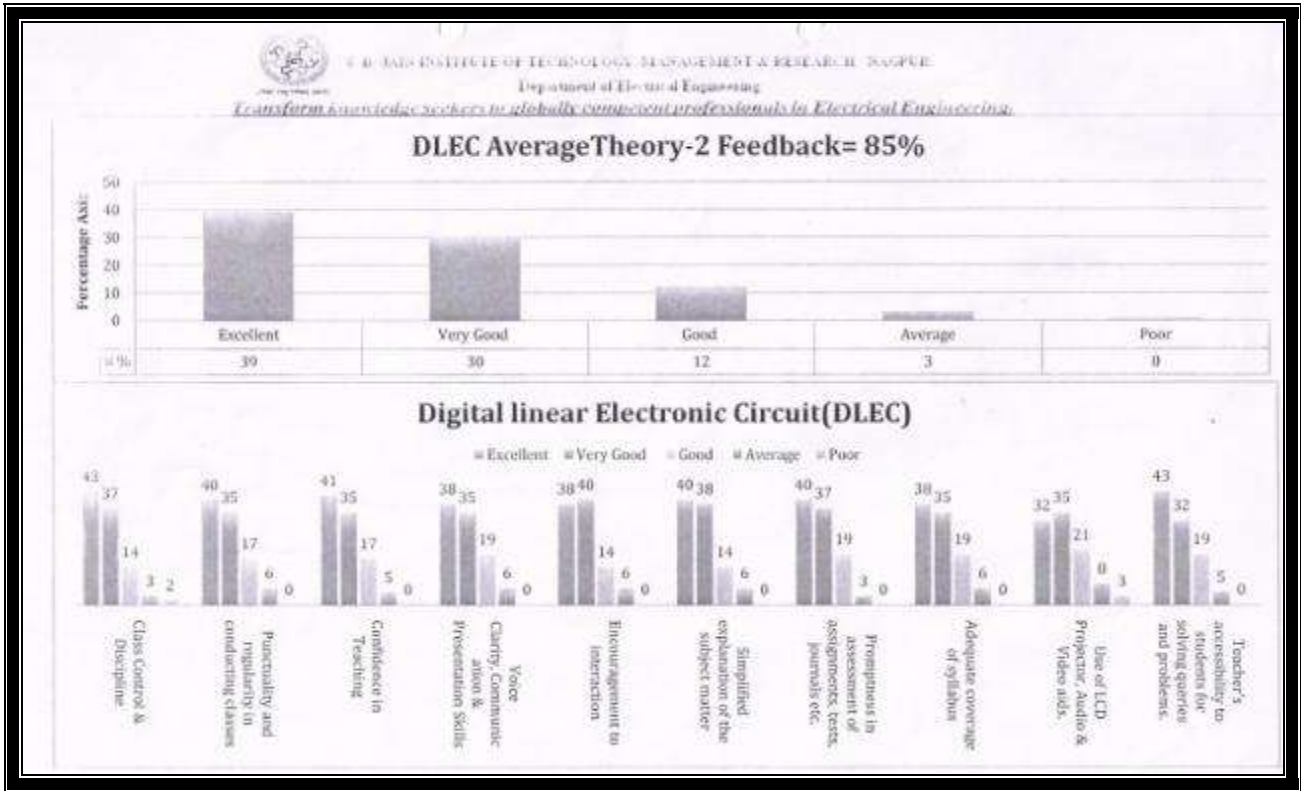

Hence, every department undertakes both formal and Informal Feedbacks from its various stake-holders viz. students, alumni, parents, employers etc. on various parameters. Google form, a modern tool is employed for feedback capture and analysis for student feedback. The feedback is assessed, analysed and best actions/ measures are undertaken for the Institutional quality enhancement.

A. STUDENT FEEDBACK ANALYSIS

The following feedback is taken from the students throughout the academic year:

Sr.No.	Name of Feedback	Occurrence
1	Theory Feedback	Twice in Semester
2	Practical Feedback	Twice in Semester
3	Course End Survey	At end of Semester
4	Department Feedback	Once in Semester
5	Facility Feedback	Once in Semester
6	Program Exist Survey	At the end of program.

Best Practice (1)

❖ **Title:**

Active Students Forum and Student Chapters for professional development.

❖ **Objectives of the Practice:**

- ✓ To provide a platform for the holistic development of the students.
- ✓ To inculcate organizing and entrepreneurship skills amongst students.
- ✓ To imbibe the leadership and management qualities in the students.
- ✓ To develop professionalism in students.
- ✓ To instill creativity, innovation, team spirit and time management amongst the students.
- ✓ To provide a medium for exchange of thoughts and information.
- ✓ To encourage freedom of expression and enhance communication skills.
- ✓ To facilitate interaction among all the students of the department.

❖ **Need Addressed and the context:**

In current era, apart from academic capabilities, the overall student's development is the need of an hour. Various skill sets are required as a working professional by the employers which cannot be met through regular teaching learning process.

The various skills required for overall development as an individual such as organizing, entrepreneurship, leadership, management, professionalism, creativity, innovation, team spirit, time management, communication skills are met through these Students Forum and Student Chapters managed and runned by the students for the students.

The Practice:

Students forum are established in all departments which organizes the various co-curricular & extra-curricular activities for overall student development. Every department has its forums and various Students Chapters installed in the Institute viz. IEEE, IETE, SAE, ISHARE, CSI Chapters which also organize the regular activities.

Evidence of Success:

The evidence of success can be well projected from the successful conduction of various activities by these Students Forum and Students Chapters, the details of which are mentioned below:

DEPARTMENT: INFORMATION TECHNOLOGY

Forum Name : ADROIT, Department of Information Technology

Technical Activities:

- 1) CODIFIER 1.0 (ADROIT student forum)
- 2)CRACK IN (ADROIT student forum)
- 3)TECH-HUNT (ADROIT student forum)
- 4)CIPHER CODING (ADROIT student forum)
- 5)CODE CHAIN (ADROIT student forum in association with IEEE)
- 6)PROJECT EXPO (ADROIT student forum in association with IEEE)

Non Technical Activities:

- 1)Poster Making Competition (ADROIT student forum)2)Quick Chess(ADROIT student forum)
- 3)MAD(ADROIT student forum)
- 4)Minute to win it(ADROIT student forum)
- 5)Human Chess(ADROIT student forum)

Sports:

- 1)Lagori(ADROIT student forum)
- 2)Futsal(ADROIT student forum)

- 3)Tug of War(ADROIT student forum)
- 4)Badminton(ADROIT student forum)
- 5)Ultra Cricket League(ADROIT student forum)

Technical Body Name: IEEE CS Chapter

Technical Activities:

- 1) Python Programming (IEEE CS Chapter)
- 2) Paper Presentation (IEEE CS Chapter)
- 3)CODE CHAIN (ADROIT student forum in association with IEEE CS Chapter)
- 4)PROJECT EXPO (ADROIT student forum in association with IEEE CS Chapter)

Non Technical Activities/Humanitarian Activities:

- 1)Poster Making Competition (IEEE CS Chapter)
- 2)Blood Donation(IEEE CS Chapter)
- 3)Tree plantation(IEEE CS Chapter)
- 4)Women's day Celebration (IEEE CS Chapter in Association with women's grievance & redressal Cell)
- 5) Resume Writing(IEEE CS Chapter)

DEPARTMENT: ELECTRICAL ENGINEERING

Electrical engineering department has total 35 students registered under IEEE membership. Students in association with IEEE perform various activities under the banner of IEEE.The department has also installed IEEE's Power & Energy society (PES) students Chapter and students are actively involved in it.

A student's Forum ELAN (Electrical League of Ampere's Nexus) is established in the department which consists of a structured administrative body (of 55 members), aims in bringing out leadership & management qualities in the student. This forum is professionally managed by the student community and various activities are carried throughout the session.

DEPARTMENT: COMPUTER SCIENCE & ENGINEERING

Department conducts the number of activities for overall grooming of students of the department under the departmental forum **SUIGENERIS**.

Under **IEEE Student Branch**, department conduct technical program like coding competitions, technical guest lecturer and workshop to improve technical skill of students and meet the industry requirements. Our **IEEE Student Branch** has organized two mega events as **IEEE Nagpur Subsection Congress and IEEE TECHMun**.

DEPARTMENT:MECHANICAL ENGINEERING

ISHRAE-Seminars/Workshop , Quiz Competition , Site Visit , Cultural activities

SAE club- Seminars/Workshop , kart design , participation in various SAE kart/student formulae-1 competition like gokart , supra , ESVC etc

Best Practice (2)

❖ Title:

Self Learning Activity/Subject Seminar

❖ Objectives of the Practice:

- i. To inculcate subject interest.
- ii. To enhance student's presentation skills.

❖ Need Addressed and the context:

Preparation of a technical topic and its delivery through seminar, individually, in the form of power point presentation to all the students of class helps him/her develop self-learning attitude, facilitates in depth learning of the subject, enhances the confidence level, improves the presentation and communication skills, learn time management, eliminates the stage fear and inculcates the sense of responsibility. This all is achieved through this self-learning activity presented through seminar.

❖ The Practice:

Departments conduct subject seminars of students in order to inculcate self learning and presentation skills in students. Subject seminars are conducted in accordance with following rules :

- Each Class of around 60 Students is divided in 4 or 5 equal groups
- Each Subject In-Charge of the class is assigned a group of students for subject seminar by the Class In-Charge
- Subject In-Charge assigns a topic from the respective subject to each student of the assigned group.
- All the students in a group, study by themselves, learn and understand the allotted topic in depth.
- Subject In-Charge conducts Seminar in the subject slots and summarizes the topic

to all the students in the class for better understanding.

- Student seminar is assessed on several parameters and is evaluated.
- Bonus Marks are allocated for this activity and these marks are considered in internal marks finalization.

❖ **Evidence of Success:**

- It promoted self learning attitude.
- Improved presentation skills.
- Fostered confidence in students.
- Students gained summarizing and simplifying abilities.
- Inculcated a sense of responsibility.
